## TEXAS vs. SAN ANTONIO

THREE NICE EXHIBITIONS WITH  
THE MUSTANGS LAST WEEK.

### SUMMARY OF THE GAMES.

Last week Varsity went up against the San Antonio leaguers for three games, and though she lost the last two, she set the Mustangs a swift pace on the diamond, and even taught them a few plays.

Texas won the first game by a score of 7 to 1 in which she had her opponents outclassed in every respect. The following two defeats of 4 to 2 and 6 to 2 were suffered by the orange and white, even after plainly demonstrating that they were superior to the reds from San Antonio.

Bessley pitched the first game and his support was excellent while he himself held the Mustangs down for five hits. Not a single stolen base was recorded during the game, and Texas won through grouping her hits. Edwards put the horseshoe over the fence for a fourth trip and one more in the fourth, and two more were landed in the fifth after a series of skillful bunts and swift running on the bases. Weller and Francis connected for two successive couples in the sixth, adding one more score, and the last two were run in the ninth after several bunts and a wild throw. San Antonio's little south-paw pitched a smooth game, and kept the base runners baffled for a while, as his long suit was hot shots to first base.

In the second game "Long" Thomas, an ex-Varsity student, twirled for the Leaguers, and Captain Moore held the mitt in an excellent manner. Shands put them over for Texas, but for five innings his support was not so good, and San Antonio ran in two scores. Even with San Antonio's crack battery, she had no advantage over Texas, and but for Captain Moore's timely triple, through an error that scored the two runners already on the diamond, the game would have gone the other way.

The last of the games was played under difficulties. A brisk norther made

(Continued on page 4.)

On to New Braunfels.

## TEXAS vs. TULANE.

ONE OF THE GREATEST DEBATES  
EVER HEARD IN AUSTIN  
TONIGHT.

### THE DEBATERS.

The debate tonight in the Auditorium between representatives of Tulane University and the University of Texas is distinctly the most interesting event of the season in oratorical contests in Austin. It will be remembered that the third of a series of debates between the contending institutions was held last year and that Texas won two out of the three. Tulane is sending her strongest men in order to retrieve past defeats, and to get a safe margin for the new series. Texas has selected two of her best men to hold up the ever-victorious banner of the orange and white.

The subject of the debate is, "Resolved, that the history of trades unions in the United States for the past twenty years shows a tendency detrimental to the general welfare."

Messrs. Levy and Woodville will represent Tulane, with Mr. Weis as alternate. Nothing definite could be learned by The Texan reporter as to the records of these gentlemen. An ex-student of Tulane, however, assured the reporter that the Tulane debater is the strongest that institution has ever sent out and that Texas must look to her laurels if she expects to win.

Messrs. T. G. Millikin of Lewisville and J. P. Luton of Ector will represent Texas. Millikin has not before appeared before an Austin audience, but in view of his past record, is sure to prove a worthy standard bearer. His academic training was received in Southwestern University, where he won distinction in inter-society debates and represented his institution in the annual debate with Baylor University. He had the unique honor of being President of the State Oratorical Association when he was but 18 years old.

Jesse Perkins Luton will be the other representative of Texas. He has a string of victories in oratory and debate that is sufficient to turn the head of an average orator. As a student in the Ector Normal and Training School, he won the medal in an oratorical contest. In Grayson College he won two recitation medals, and in inter-society contests won the orator's medal and the debater's medal. Last year, as a student of the University, in the Rusk Literary Society he won the Rusk prize of \$50 for the best oration. Later in the same year he won the DuBois \$50 prize and the southern representation. He represented Texas in the Southern Oratorical Association at Atlanta. This year there was but one prize to which he was eligible, the debater's prize. In his usual determined way he went after that. In a speech that set the audience wild with delight, he won the Gregory and Batt's \$50 prize, a place on the debating team, and the title of champion of the University.

Thus it may be seen that Texas is not underestimating her opponent, and is putting up men whom she confidently expects to win.

The judges as chosen are Hon. A. P. Woodbridge, President of the City National Bank; Major Ira H. Evans, President of the New York and Texas Land Company, and District Judge Victor L. Brooks.

The debate will begin at 8:30 o'clock. A small admission fee will be charged to cover expenses incurred.

As this is to be the first and the last appearance of representatives of an

## STEIN-BLOCH SMART CLOTHES

## Smith & Wilcox.

other institution here this year to contest for forensic honors, it is expected that every one will take advantage of the occasion. Those who fail to attend will miss a rare treat.

Pay what you owe the Music Clubs by attending their concert.

### MUSIC CLUB CONCERT.

Saturday night is the music people's time. They have been giving all sorts and kinds of free concerts and public appearances, and now, when bills are to be paid, instead of burdening and boring everybody with the abused subscription list, they are going to ask the public's support by attending their concert and getting more than their money's worth.

The concert is not to be merely an occasion to charge an admission, but is one in which the Clubs will appear at their best. It has been planned for several months and the intention has been to give it purely complimentary as the Varsity Band concert was in the fall, but since necessary expenses have to be met, it has been found necessary to charge a small admission.

The Band has to pay in part for the new band-stand on the Campus which has been built and dedicated purely for the pleasure of the University public and Austin people. It yet owes about \$400 on its \$1000 set of band instruments, as well as music bills, etc.

The Glee Club and Orchestra have like expenses to pay, although not so much as the Band.

The organizations can not be maintained unless they receive financial support at times like this, and they are certainly entitled to it, and every indi-

cation gives assurance that they are going to receive it. Tickets are selling all right.

The programme will contain a large part of the Glee Club's selections that have been prepared for its concert tour over the State to be taken during the first week in May. This year's Club is the best the University has ever had and it has practiced more constantly and more faithfully than any Club, unless it was that of 1900-'01. The music is the brightest and the jolliest and will be sung with more sparkle than ever before. Dick Wall and George Maverick will sing solos, and the quartette will render two selections.

The Band is prepared for its San Jacinto Day concerts and the open-air concerts, and will equal its fine playing in the fall. Walker Stevens will play a difficult cornet solo.

Every student in the Varsity should be present on this occasion and show their appreciation that they feel and owe to these activities. Tickets can be had from any of the members or at the Co-op.

## PREVARICATORS OF THE PAST.

If there is one thing that a fellow may lie about as much and as often as he pleases, it is the Cactus. The recording angel has long ago ceased to keep an account of these pardonable prevarications because a paper trust has been formed and, moreover, there is a limit to human endurance. Long since that dear, delicious old baron—Mr. Munchausen, by name, I believe—has turned green with envy and cried from his grave, "Enough—I was only an embryo." Among the cinch questions dealt out by the Rhodes scholarship examiners there was one on which every candidate busted. "When will the Cactus be out?" was the question, and no one was so bold as to attempt to answer that. Now, all this may contain a semblance of truth, but a radical revolution is on foot this year and things are to be changed. All this that has preceded is about the past and we are willing to play quits on that. The recording angel will have a surprise this year. The Cactus will be out on time. There will be no prevarications, no sickening delays and nobody will be disappointed. Get your one-fifty ready. "The Cactus is comin'."

The Cactus IS Comin'.

## IS THERE ONE AMONG US?

Question: "What is a short guy?" The above is another question that was propounded by the Rhodes scholarship examiners, and there were many, many answers to this question. Some said that a short guy is a fellow who never pays his Texan subscription, and consequently made a grade of one hundred. Another said that a short guy is the proverbial Sunday night caller. But there was one answer that ought to win the scholarship. King Edward will undoubtedly be pleased. Hear, all ye faint hearts and probable pikers!

"A short guy, a concentrated solution of the very quintessence of brevity, is the fellow who goes to San Antonio on April 21, or goes home, instead of going to New Braunfels. He is shorter than a cigar stub smoked on a tooth pick."

Of course, we know that there are no traitors in our ranks, but we think it rather worth while that the above suggestion should be published. Be on hand tomorrow morning, fellows, and we'll all go together.

Are You Going to New Braunfels?

## WE WONDER WHY.

The Texan's appeal for men for the track team has met with a hearty response from a certain class of students in the University. Said class is filled with such an enthusiastic and fervent desire to get into the best physical condition possible that if our most highly efficient and irreproachable trainer does not hold the above mentioned class within bounds, staleness will hardly even be the word to describe the condition of these zealots. Why, these over-zealous fellows don their togs and go down to the field even as early as 3 o'clock in the afternoon! Five o'clock is sufficiently early.

This is not said in any criticism of our trainer. The Texan realizes that it is almost impossible for one man to look after a hundred and fifty men. However, the baseball team will soon leave on its trip, and probably it will be easier then to hold this class within bounds.

On to New Braunfels.

Stirred by the spirit of innovation which is effecting such great changes among the customs of the University of California, the women of the junior and senior classes have fallen in among

other reformers, and have voted to wear corduroy skirts as the official class skirt. They will endeavor to make this custom a tradition. It has become a tradition among upper classmen to wear corduroy suits. The students of Berkeley and Stanford now might be said to be dressed by tradition. There is a class cap, a class suit, a class tie, and at one time class shoes were introduced. By establishing this custom which, of course, was adopted only in the senior and junior classes, they will endeavor to allow incident and history to cluster about until corduroy skirts become as old an institution as the deep-seated traditions of men. Of course there are many common sense reasons for the adoption of the corduroy skirt—those of economy and comfort can be easily seen, while the trimness and neatness of the heavy skirts can not be denied. Otherwise there is the uniformity of dress, which now exists in the upper classes, and which will add greatly to the sharper divisions between the upper and lower classes.

The Cactus IS Comin'.

Are You Going to New Braunfels?

## RUSK NOTES.

The Rusk Hall was filled last Saturday night by friends and visitors who had assembled to hear the Rusk declamation prize contest. The Athenaeum Society attended in a body, and there were several visitors from the city. The contestants were: Keen, Robinson, King, Parrish, Cox, Clough, Odum, Clift, Heath and Reed. The judges were Messrs. Luton, Cope and Marshall. The declamations were all good; and it was pretty hard to determine just who the winner should be. The judges, after consultation, decided that Mr. J. F. Cox had won the prize of ten dollars cash. After the contest Mr. Mays of the Athenaeum, in a few well chosen words, expressed the thanks of his society for the Rusk's invitation to the contest. The best of good feeling exists between the sister societies now, and they are pulling together to win the coming debates with Tulane and Missouri.

8 o'clock Thursday morning, fellows.

The Cactus IS Comin'.

## A DISTINGUISHED VISITOR.

On Saturday the University was honored by a visit from Dr. L. O. Howard of Washington, D. C., United States Entomologist. Dr. Howard is the Permanent Secretary of the American Association for the Advancement of Science—probably the largest scientific body in existence—a trustee of Cornell University, and the world's leading authority on the mosquito—the recognized distributor of the yellow fever germ.

Dr. Howard and Professor Simonds, who had him in charge, were fellow students at Cornell in the 70's and warm personal friends for over thirty years. The entire University was inspected and our guest expressed his surprise at the excellence of our equipment, both here and at Galveston, where he recently lectured before the medical department. Dr. Howard will spend a few weeks in Mexico before returning to Washington.

On to New Braunfels.

The Cactus IS Comin'.

## Y. M. C. A.

Interest in the association continues. The meetings are interesting and the attendance good, remarkably so for the time of year. Topic discussed last Sunday was "The Law of Sowing and Reaping." Parrish and Tatum made entertaining discussions.

The work for next year is crystalizing in good form. Committees are taking up their work in earnest. The Bible Study Committee is collecting information regarding the number of young men in the University who are in any way studying the Bible in the different churches, Sunday schools, Endeavors, unions, etc.

Next Sunday the Missionary Committee, composed of Messrs. Bryant, Hicks and Breihan, will conduct the meeting. They will discuss some interesting missionary topics.

Be good, and you'll be there Saturday night. So will she.

The Cactus IS Comin'.

Are You Going to New Braunfels?

## EIGHT CANDIDATES FOR RHODES COIN

EXAMINATIONS WERE HELD LAST WEDNESDAY AND THURSDAY.

The examinations for the Rhodes scholarship appointments from Texas were held last Wednesday and Thursday. There were eight candidates, four of University students and four men from the outsiders. The sum total of the candidates follows:

Harry Peyton Steger, Bonham, Texas; Louis Buomberg, Mineola, Texas; Newt Marshall, Bonham, Texas; S. R. Ashby, Alvin, Texas; Francis Heartsill, Mansfield, Texas; A. M. Mood, Fort Worth, Texas; H. A. McCurdy, Galveston, Texas.

The examination papers will be sent immediately to Oxford for marking, and those who receive a passing mark in the examination will be examined by the committee in regard to other requirements. Cecil Rhodes in his will laid special stress on the physical, moral and social characteristics of the candidates. The examination with regard to the scholarship requirement is not competitive, it merely determines the eligibility

of the candidate to enter Oxford and the scholarship will be awarded on the basis of the other requirements. One man will be sent from Texas this fall and another will be sent next fall, following the next examinations which will be held one year from this spring. The scholarship is for three years, hence no examinations will be held after next spring until the year 1907.

Those who took the examinations last Wednesday and Thursday considered them very fair, and were perfectly satisfied with them throughout. In fact there were many exclamations of "cinch" and "lead pipe" overheard in the corridors after each examination.

It was thought at first that there would be a larger number of candidates for the scholarship, and twenty-three names were handed in. All but the above mentioned eight men, however, dropped out of the competition.

## JUNIOR ENGINEERS.

The Junior Engineers have organized an "All Hickey" track team. Participants, events and time follow:

Standing broad grin—Sunny Jim Sims, 7-2-5; Gut Amsler, 6 flat.

Four-mile yell—Wampus Parrish, 10-30 p. m.; Doop Warren, 10-15 p. m.

Sixteen-foot spit—Hock Forsgard and Dumps Fletcher.

Forty-minute cuss—Jinks Powell.

Keg vault—Molly Giesen, 55; Judge Edwards, 56 1-5; Sammy Maas, 56 3-4.

Kraut race—C. F. K. Von Blucher, 10.

Coin put—Red Shards, 2-5; Ramesis Mendenhall, 3-5.

Manager G. A. Windress urges all to meet in Borean Hall, east wing, to get into proper training. All have a good chance to win their H. A.'s.

8 o'clock Thursday morning, fellows.

## MEN AND LADIES

## Summer Oxfords

You are neglecting the first principle of Summer comfort if you fail to wear low Shoes.

Guess we make more profit on high Shoes than on low; but in Summer with low Shoes, we make more friends. Smartness and comfort combined—the very swiftest of the new shapes are always here—a little in advance of their general appearance.

Patent Kid and Patent Leather Ideal Kid and Vici Kid: Some new toes and lasts. \$1.00 up to \$5.00.

413 Congress Ave. Both Phones 451.

Undertaker and Embalmer

Fine Carriages to Hire.

## Shove Half Dollars Over Our Counters

And in every instance we will shove back dollar values. This is a pretty broad statement but it is the truth. We have the goods but can quote only a few:

36-inch oil boiled taffeta, regular value, \$1.50; sale price.....95c

27-inch Japanese silks, all colors, regular value, 75c; sale price.....48c

36-inch all wool voile, black, blue and red, regular value, 75c; sale price.....48c

27-inch silk tissues, all colors, regular value, 50c; sale price.....34c

32-inch corded chambray, regular value, 15c; sale price.....10c

In selling goods, eloquence may plead, and oratory may declaim, but when "price" talks, the goods move. "Price" is our best salesman—"Quality" is his able assistant. More dress goods.

27-inch voiles, all colors, regular value, 25c; sale price.....15c

27-inch Oxford, white and black, regular value, 15c; sale price.....12½c

30-inch lawn, white and black, regular value, 12 1-2c; sale price.....9c

24-inch colored lawn, regular value, 5c; sale price.....3c

24-inch Scotch lawn, all colors, regular value, 6 1-2c; sale price.....4c

## LITTLE LOCALS.

Saturday night's concert is no graft.

In right field 'Varsity, it is a question of Joe Kerby or Jacoby.

'05 Engineers spent Monday in sketching Barton Creek Highway Bridge.

Coke Burns returned last week from a session of federal court at El Paso.

Somebody's not coming Saturday night, but he has not been heard of yet.

Miss Thurmond left Tuesday to spend a few days visiting her parents at Bonham.

Remember the Band built the new stand for your pleasure. Help them pay for it.

Rhodes S. Baker, attorney at law, Dallas, was down visiting the University last week.

Horace Williams, graduate of Missouri, paid the University a short visit last week.

Miss Leona Knox of Hillsboro was called home Saturday by the death of her father.

Proper credit for the band-stand design is due to O. L. Sims, '50, architect to V. P. Beck.

Junior Law Thorne is up and attending lectures after a two weeks' siege with the gripe.

How could you stand to listen to a free concert again if you don't hear the Music Clubs Saturday night?

W. F. Martin has made application for fellowship in Cornell University in the School of Engineering.

You'll get more than your money's worth Saturday night besides the satisfaction of feeling degout.

Miss Nelle Hunt has severed her connection with the University and has returned to her home at Caldwell.

Quite a number of students are arranging their plans to write life insurance during the summer months.

Major Mike Bloor and wife returned recently from Philadelphia, where they had been called on account of sickness of relatives.

The Cactus IS Comin'.

The Senior Academics will wear their caps and gowns at Band concerts and all public functions occurring from now to commencement.

President Prather is now in consultation with the manufacturers to secure an appropriate design of park benches for use on the campus.

L. M. Scarbrough, Junior Law, was called home last week on account of the serious illness of his brother. He probably will not return until next year.

Scott Key, LL. B. '02, now a practicing attorney at Waco, was down on a few days business last week, and to visit old friends at 'Varsity.

Are You Going to New Braunfels?

The Texan is in receipt of a card from James E. Wiley of Quanah, of last year's Senior Law Class, announcing his candidacy for the office of County Attorney of Hardeman County. Mr. Wiley is a "Goo Roo."

From a recent communication from Maxey Hargrove, it was learned that he has now entirely recovered his health and is doing a profitable business at Waco as the representative of the Equitable Life Assurance Society.

On to New Braunfels.

A. M. Mood of Fort Worth, graduate of Southwestern last year, one of the contestants for the Cecil Rhodes scholarship, announces that if he is not one of the successful applicants, he will enter the law department of the University next year.

Preparations are being made to wire the balcony and parquet of the Auditorium for electric lights. This is something that has long been needed, and we wonder why they do not extend the scene of operations to the stage also.

It's your time now. The Music Clubs have been doing their part.

J. F. Johnson was initiated at the recent ceremonial session of the Ben Hur Temple of the Shriners, here last week. Johnson passed safely over his journey across the hot sands, and later returned with a wearied look and a Turkish fez to resume his studies.

8 o'clock Thursday morning, fellows.

Sam Neathery, G. N. Lytle, and H. C. Harris attended the National Convention of the Phi Kappa Psi Fraternity at Indianapolis last week in the interest of

## HANCOCK HOTEL.

Post Office and Opera House Block. Forty elegant rooms. Free baths. Everything first class. Special rates to students. Your visiting teams specially solicited.

**Satisfaction Guaranteed.**

securing a charter for Texas. The matter is pending decision with reasonable hopes that the charter will be granted. The Cactus IS Comin'.

At a meeting of the B. Hall Executive Committee last week it was decided to close up the dining room immediately after an early breakfast on the 21st, and a baggage car will be chartered to take cooks, utensils, and supplies to New Braunfels to feed the boys at the big 'Varsity picnic.

The Austin Rifles gave an exhibition drill on the Athletic Field last Wednesday afternoon. The 'Varsity members, Messrs. Michael, Harry Bickler, Max Bickler, and Briggs showed up as fine soldiers. Corporal Max Bickler lived a strenuous life in his handling of the awkward squad.

Are You Going to New Braunfels?

In the Elks Vaudeville Show last Friday evening at the Hancock Opera House, the 'Varsity Male Quartette rendered a couple of selections, but not up to their usual excellent standard. Ben Robertson looked very stunning as a Beau Brummel in the first scene.

The approaching deficit that will accumulate against the State Treasury will be rather expensive on the University and the Faculty. It is estimated that the discounts that the Faculty will have to stand during the next several months pending cash payments will amount to \$8000.

On to New Braunfels.

Dr. Howard of the United States Bureau of Entomology called on the President and Faculty informally last Saturday. It has been hoped that Dr. Howard would be able to deliver his lecture on "Mosquitoes" at the University, but his itinerary had been so arranged that it had to be postponed.

The Senior Engineers who went to inspect the sea-wall and see the battle-ships at Galveston, report that "Little" Howard, Blackburn, and "Big Gilly" are doing fine work for the Government in the United States Coast and Geodetic Survey. "Fatty" Robertson was bitten by a sand crab while on the beach.

8 o'clock Thursday morning, fellows.

Judge Townes endeared himself to the Senior Laws last Saturday morning by announcing that as this was his last subject to teach the present class and as satisfactory work had been done, instead of the threatened difficult, all-day's examination, he would present all of the class with free passes and with his compliments. All exercises in the main building were suspended for fifteen minutes pending the celebration of this announcement.

You can't have all free lunch. Attend the concert of the Music Clubs.

Everybody was sadly disappointed because of the northern that prevented the initial concert by way of dedicating their new band-stand last Saturday night. B. Hall inmates were so indignant that the only thing to placate their fury was a "Sky Parlor Function" at which they all participated in a prolonged program of "Harmonious Bounciness." The concert will be given in the Auditorium next Saturday night, and the management assures The Texan that it will be a "sure thing."

If you don't hear the Music Clubs' concert, you are going to be in the minority.

The Summer School catalogues are now out. Under the efficient management of Messrs. Adrian Pool and Robert Rickey arrangements have been made to accommodate this year's attendance. The Woman's Building will be closed, but B. Hall will be used as a dormitory for men, while board will be furnished there for all the Kappa Kappa Gamma, the Sigma Nu, and the Sigma Nu Phi chapter houses, situated at the southwest corner of the campus, have been secured for the use of dormitories for women. A large attendance is promised for the coming session.

The Cactus IS Comin'.

Chas. W. Ramsdell is in receipt of a letter from President Butler of Columbia University informing him that the committee on fellowships has nominated him to the University Council for a

fellowship in American history. This is one of eighteen fellowships in history that are maintained at Columbia University which are awarded on merit to college graduates over the United States. It pays \$650 a year and contemplates advanced work in American history. Mr. Ramsdell secured the position on the basis of a recommendation from Dr. Garrison and the submission of his thesis on "Presidential Reconstruction in Texas."

He hopes to continue his work in this same subject until he secures his degree of Doctor of Philosophy from Columbia. The Texan joins with the student body in congratulating Mr. Ramsdell on his recommendation to this place of honor.

The Cactus IS Comin'.

Buy a ticket to the Saturday night concert even if you can't go.

On to New Braunfels.

## ANOTHER ONE GONE.

Cards announcing the marriage of Miss Gretchen Rocho to Mr. Herman Goldschmidt were received here last week. The wedding took place Saturday, April 16, at the residence of the bride's parents in San Antonio, and was followed by a dinner at the Torreon. There were present the relatives of the bride and groom, Misses Campbell, Petty and Proctor, who went from here to attend the wedding, and other intimate friends.

Mr. Goldschmidt is a man of high standing in business and social circles of San Antonio, and a very talented gentleman.

The Texan, in company with the many friends made by Miss Rocho during her brilliant career in the University, extend them both most cordial good wishes.

Mr. and Mrs. Goldschmidt expect to live in San Antonio for some time.

8 o'clock Thursday morning, fellows.

## TEXAS MINERAL EXHIBIT SHIPPED TO WORLD'S FAIR

COMPRISES SOME OF THE FINEST SPECIMENS TO BE FOUND ANYWHERE—DR. PHILLIPS ACCOMPANIED IT.

All of the material to comprise the Texas mineral exhibit at St. Louis has been shipped with the exception of a few samples of oil and fifteen flasks of quicksilver from Brewster County, which are to follow within a few days. Handsome cases of a special design have been constructed, and nothing has been left undone to have the exhibit complete and attractive. The material consists of a great variety of polished specimens of building and ornamental stones, in six-inch cubes and slabs, spheres and columns, such as granite, serpentine, marble, black and golden onyx, limestone, sandstone, agate, etc., asphalt, sections of pavement, etc., ores of copper, gold, silver, lead, zinc, iron and quicksilver. In this connection may be mentioned a special display of quicksilver loaned by the Marfa and Mariposa Mining Company, Terlingua, Brewster County, fifteen flasks of about 1100 pounds. This will be shown in a great iron pot with a cannon ball floating on the surface. Salt and sulphur, gypsum, cement rock and clays in great variety. The clay exhibit is especially complete, each sample having attached to it the chemical analysis and the results of physical tests. To the building stones is attached a card giving the strength of the stone in pounds per square inch and the amount of water absorbed per cubic foot. It has been the purpose to attach to everything exhibited a statement of its chemical composition.

The exhibit will be installed in section 63, Mines Building, where a space of 2000 square feet has been obtained. It will be lighted by the Nernst Lamp Company, which obtains its material for the manufacture of the electric glow from Llano County. After its installation Miss Emma Patrick will have charge of the exhibit. After the conclusion of the exposition, all of the mineral exhibit will be returned to

## A GREAT CONTEST

WAS PULLED OFF THURSDAY NIGHT IN THE AUDITORIUM.

### KEY WINS THE CUP.

Last Thursday night the annual gymnasium contest to select 'Varsity gymnasts for 1905 was pulled off in the auditorium to a crowded house—admission being free. The program consisted of an Indian club drill, exercises on the side horse, parallel bars, horizontal bars and tumbling. The work was of the highest order and every decision was close. Mr. Sam Key won first place with seventeen points; Michael, second with twelve points; and Wilkerson and Wall tied for third place with six points each.

The 'Varsity band began the fun by rendering two of its always popular selections. It continued to sandwich short pieces of melody between the numerous layers of athletic stunts set forth on the program. Particular mention ought to be made of the cornet solo of Mr. English. It was a treat indeed.

An Indian club drill led by G. W. Briggs, musical accompaniment by M. Wolf, began the program. Key won first, Michael second, and Edwards third place.

Work on the side horse came next. Entries were Cook, Edwards, Key, Wilkerson, Michael and Wall. Michael captured first place, Key second, and Wilkerson third. The work on this apparatus was especially good, Michael's work being particularly commendable.

On the parallel bars Edwards, Cook, Michael, Key, Wilkerson and Wall were entered. "Tootsie" Wilkerson clearly evidenced his superiority upon this apparatus, and won first place. Key took second and Michael third place.

Key took first place on the horizontal bar, Edwards second, and Wall third.

In the tumbling Wall captivated both the judges and the house and won first place. Key won second and Michael third place. The work of the band at this stage of the performance was remarkable. After the numerous selections rendered, when the tumbling began the band began to play and tooted a tune for fifteen minutes without the slightest

## TEXAS VS. SAN ANTONIO

(Continued from page 1.)  
 the field cold and windy, the players were rather stiff, and even some of the spectators were wearing overcoats.

Terrell took the box in order not to risk Shands' or Beasley's arm, but they all thought he was a veteran with his twisters from the mysterious way he shoved them over. He only struck out five men, but the most deceiving part about it was the little pop-ups when they tried to bunt. Weller nor Francis either one were able to play, and Ben Robertson caught for 'Varsity, while Captain Lanham of the "Hay Leaguers" (subs) played third.

Slater pitched a beautiful game for San Antonio and his support was better than usual. It must take a cold snap to make the Mustangs spirited, for they certainly did better in the last game than in any of the previous ones.

## A BOOM does not, ultimately, bring about the best results to a community. The Panhandle

is NOT on a boom, but is enjoying the most rapid growth of any section of Texas.

WHY?

Because only recently have the public at large realized the opportunities which this northwest section of Texas offers. The large ranches are being divided into

### Small Stock Farms

Wheat, Corn, Cotton, Melons and all kinds of feed stuffs are being raised in abundance, surpassing the expectations of the most sanguine. A country abounding in such resources (tried and proven), together with the

### LOW PRICE

of lands, can not help enjoying a most rapid growth, and that is what is happening in the Pan-Handle.

### "The Denver Road"

has on sale daily a low rate home-seekers ticket which allows you stopovers at nearly all points; thus giving you chance to investigate the various sections of the Pan-Handle. Write A. A. GLISSON, General Passenger Agent, Fort Worth, Texas. For Pamphlets and full information.
